

GLASS HIGH UNIT BASKET INSTALLATION INSTRUCTION

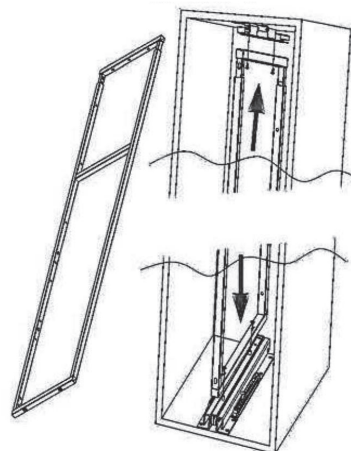

Accessories list

Diagram	name	quantity	Diagram	name	quantity	Diagram	name	quantity
	Door panel connection	4th floor: 3 5th floor: 4 6th floor: 4		Upper rail	1		plug	1
	Body shelf	1		Glass basket	4th floor: 4 5th floor: 5 6th floor: 6		Snap	4th floor: 8 5th floor: 10 6th floor: 12
	Lower rail	1		With medium screws	8		Self-tapping screws	36

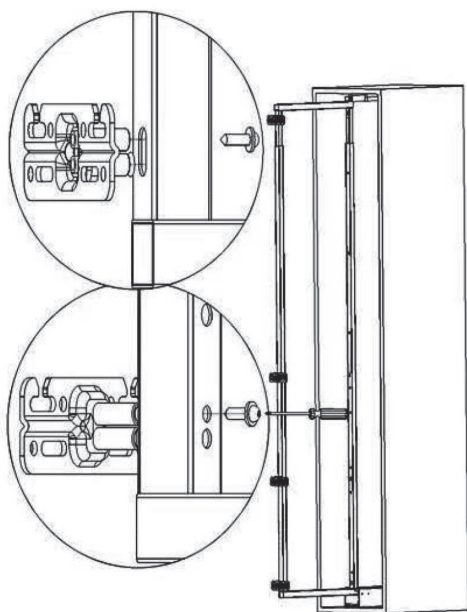

1. the center line in the cabinet, the upper and lower guide rails need to be 5mm away from the door panel, and the installation holes are fixed on the upper and lower rails.

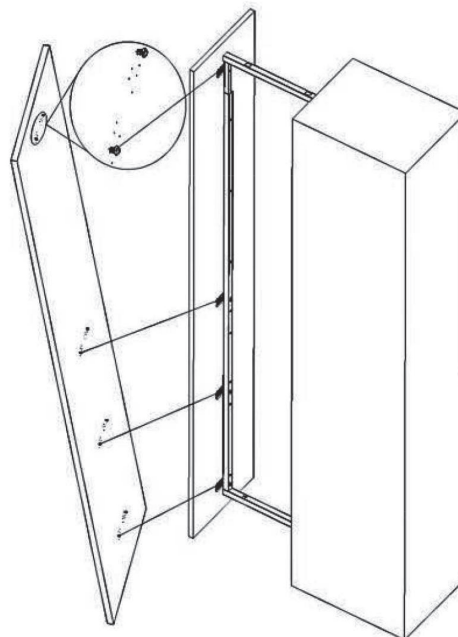

2. As shown in the figure, put the plug into the main frame, and then fix the main frame with holes into the cabinet, and connect it to the upper and lower rails. Lock the screws through the corresponding screw holes.

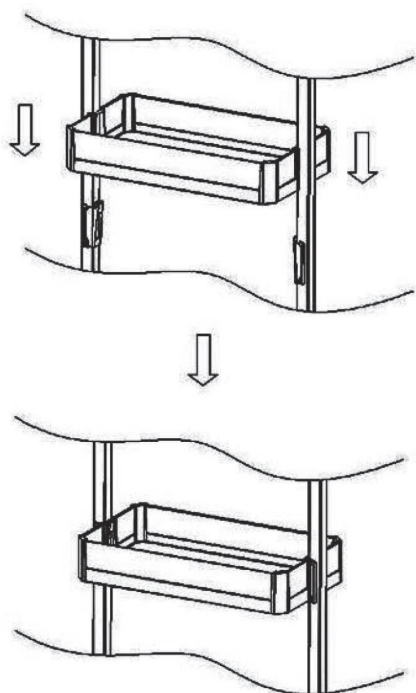

3. As shown in the figure, the main frame is pulled outward, and the door panel connection is installed on the hole of the bracket and locked with a screw.

4. According to the figure below, lay the door panel flat, fix the door panel with the door panel connection, adjust the positioning hole, and lock the screw.

5. Install the basket.

6. Complete the installation, pull back and front to test whether the guide rail is smooth.
