

MULTI-FUNCTIONAL STORAGE BASKET INSTALLATION INSTRUCTION

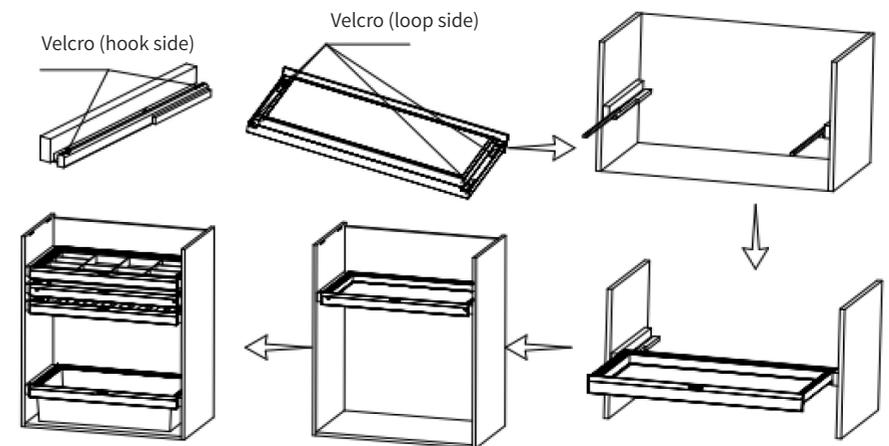

Step1:

- 1.0. Fasten accessory 1 and accessory 2 ;
- 1.1. Select a suitable location to drill holes on the side panel(as shown in the figure);
- 1.2. Then use screws ③ to pass through the 8 holes of the slide rail and the pad(see the picture)and screw them into the side panel;
- 1.3. Then slide the slide cover down against the side panel and lock it;
- 1.4. Install the other side in the same way.

Step2:

- 2.0. Stick the Velcro on the slide rail and the frame respectively (see the picture for details);
- 2.1. Pull out the left and right rails respectively;
- 2.2. Then pull the basket frame onto the inner slide rail.
